Benchmark Yield Comparables

The comparable lending spreads below are shown for reference only;
the concluded yield reflects equity-return pricing of the holdco loan.
The table was provided by the manager as a pasted exhibit image.
Fair value sensitivity to the yield assumption is approximately
plus or minus \$9M per 50bps.

Issuer	Spread (bps)	Yield
UK FTTP Issuer A	612	10.4%
UK FTTP Issuer B	655	10.9%
EU AltNet Issuer C	640	10.7%
